What the Students Say!

My biweekly meetings with Ashley Reyna were by far the best part of my university Spanish course! These sessions were truly invaluable, as I always walked away feeling more confident about my conversational Spanish and knowledge of Peruvian culture. Chatting with a native speaker can be really intimidating at first, but Ashley's bubbly personality and inexhaustible patience fosters a comfortable environment that eases all that anxiety.

I really like Elena! She made me feel so comfortable and really reduced my anxiety during the sessions. I've always been so shy to speak Spanish in front of other people but she made me feel so comfortable that I forgot all my worries. I am not fluent in Spanish at all but I feel like I'm improving during my sessions with her.

Miriam was an awesome coach! She was very encouraging and helpful throughout the semester. I had her for all 4 meetings that I completed, and I feel much more confident in my ability to speak Spanish. I would highly recommend her!
